

To reinforce our R&D team near Budapest, we are seeking a

## **MECHANICAL & TECHNOLOGY LABORATORY TRAINEE**

[all genders]

The position is based in Europe [Bicske, Hungary].

Vincotech is the go-to source for power modules that drive motion control, renewable energy, and power supply applications. We work hard to deliver off-the-shelf and made-to-order products to meet all our customers' needs.

**Fast and flexible is our motto. Everything we do gets done with the future in mind. This is where you come in.**

Join us, a successful market leader and reliable partner, to help build a better tomorrow with sustainable technologies. Let's make an impact together.

Headquartered in Unterhaching near Munich, we also own and operate a plant in Bicske, Hungary, and maintain sales offices around the world. Our global team of 900 people welcomes you to Vincotech, a Mitsubishi Electric Corporation company.

### **Your skills are in demand. We need you to:**

- / Prepare mechanical and electronic components and modules for testing
- / Requisition and track defect analytics (cross-section, optical analysis, ultrasonic test)
- / Track products in production and in the lab; organize and track sample production
- / Conduct and assess tests; log results to the database
- / Design devices

## **Your credentials are persuasive. You:**

- / Enrolled in a higher education program
- / Knowledge of materials technology
- / Experience with soldering and gluing techniques
- / The capacity to execute tasks with accuracy, flexibility and agility
- / The ability to work independently and in a team
- / Microsoft Excel user skills
- / Design and modeling CAD system skills, preferably Solid Works and Solid Edge

Preferably, you have:

- / Some background in mechanical engineering and a secondary education in a related field
- / Knowledge of/ experience in semiconductor testing
- / English skills
- / Laboratory experience

## **Join us and take this opportunity to:**

- / Be part of a company, which is a key enabler of efficient and affordable energy use everywhere, which is one of the most important megatrends of our society and a necessity for generations to come
- / Drive change and have a direct impact on future business and the future of Vincotech
- / Be part of a motivating company culture where flat hierarchies and quick decision-making are realities rather than wishful thinking

We welcome your application and look forward to discussing how Vincotech can become your next career choice.
